

pleaded for him and then, suddenly, the father's eyes fell on me.

"Great heavens!" he cried. "It's a jimmy from the plant I was going to buy!"

After that everything went lovely. The father promised his daughter he would not buy the factory. My owner asked for forgiveness, which was granted him, and in addition the father gave him a good job. Then the pretty girl took me upstairs to her room and from the nice things she has already confided to me in regard to the impression my owner made on her, I can see that things are going to go very well with that lucky young man.

FOR 5-YEAR-OLD TO MAKE

A 5-year-old can make for father or mother this needle book or penwiper.

The circular piece of cardboard has holes punched around the edge and one large hole in the center. With a zephyr needle and coarse, bright-colored embroidery floss the child sews a wheel on the card.

The thread passes from the center hole to each one of the

holes on the edge, and both sides are alike, except that knots are on the wrong side.

After the radiating lines are made the thread is sewed in and out of each hole around the edge. Circles of flannel or chamois are tied to the card in the center.

NEW TALES FOR OLD

Simple Simon met a pieman
Going to the fair;
Said Simple Simon to the pieman,
Let me taste your ware.
Said the pieman to Simple Simon,
First let me see your penny,
Said Simple Simon to the pieman
How did you know I was going to
cheat you?

No doubt the cat thinks that the cow exists for her sole benefit.
